

A newsletter that connects the Florida Department of Transportation, Primes & Disadvantaged Business Enterprises (DBEs)

## Road Project | District 4: 95 Express Phase 3

This expressway project will reduce congestion and improve traffic conditions on I-95. Construction and enhancements consist of continuing the 95 Express lanes 29 miles north from Stirling Road in Broward County to Linton Blvd. in Palm Beach County. According to the FDOT, Phase 3 of the I-95 Express Lanes project will provide a connection between northbound and southbound 95 Express and I-595 Express/General Use lanes to and from the west. Ongoing roadway paving and striping will continue in the second quarter of 2015 for northbound and southbound I-95 in Broward County as well as for southbound I-95 in Miami-Dade County. Additional construction is scheduled to begin in 2016. The 95 Express project is being lead by the FDOT in partnership with the U.S. Department of Transportation, the Metropolitan Planning Organizations of Miami-Dade & Broward counties, Miami-Dade & Broward County Transit, Florida's Turnpike Enterprise, Miami-Dade Expressway Authority and South Florida Commuter Services. Other facts and key project components include:

- Potential Express Lanes (EL) Direct Connect to I-595
- Potential Intermediate EL Ingress or Egress locations:
  - o Stirling Rd. Cypress Creek Rd.
  - o Griffin Rd. SW 10th St.
  - o Broward Blvd. Hillsboro Blvd.
  - o Sunrise Blvd. Congress Ave.
  - o Oakland Park Blvd.
- Accommodation of Bus Rapid Transit as warranted
- Integrated ITS/Tolling System
- Noise Barrier Walls (where warranted by Noise Study Process)
- Emergency Response Provisions
- Installation of overhead and roadside signs
- Completion of widening along I-95 throughout the project area
- Installation of Intelligent Transportation System (ITS) equipment and tolling equipment
- Completion of all bridge widening
- Installation of a new sound barrier along northbound I-95 north of Hollywood Boulevard

## DBE Specialized Development Program

FDOT provides supportive services to DBEs conducting business with or seeking to conduct business with FDOT. Supportive Services are those activities and services that are designed to contribute to the growth and eventual self-sufficiency of DBEs so that they may achieve proficiency in competing for contracts and subcontracts.

The primary goal of the DBE Specialized Development Program managed by The Southern Florida Minority Supplier Development Council in partnership with Ariel Business Group, is to increase the number of DBEs participating on FDOT contracts and the dollar percentage awarded to DBEs. This is accomplished by providing assistance to Prime Contractors and facilitating the development of DBEs to obtain contracts. Currently, this effort is concentrated on the larger contracts identified by the Department including those contracts advanced in Secretary Prasad's 21st Century Transportation Plan.
